

MB-1000 SERIES

TRALERT® PRODUCT LEAFLET

SWEDISH STYLE

The TRALERT® MB-1000 Series consists of a complete range of LED side marker lights in a distinctive Swedish style. This retro design is highly popular in the truck and trailer industry and is available Whiteh either a short straight arm or a longer angled arm.

Traditionally, this position lamp comes Whiteh a matte lens. In addition to the well-known matte version, TRALERT® also offers other variants Whiteh in this style. There is a version Whiteh a clear lens for a more modern look, as well as one Whiteh a dark lens, perfectly matching the dark-look lighting trend.

OPTIMAL WORK CONVENIENCE

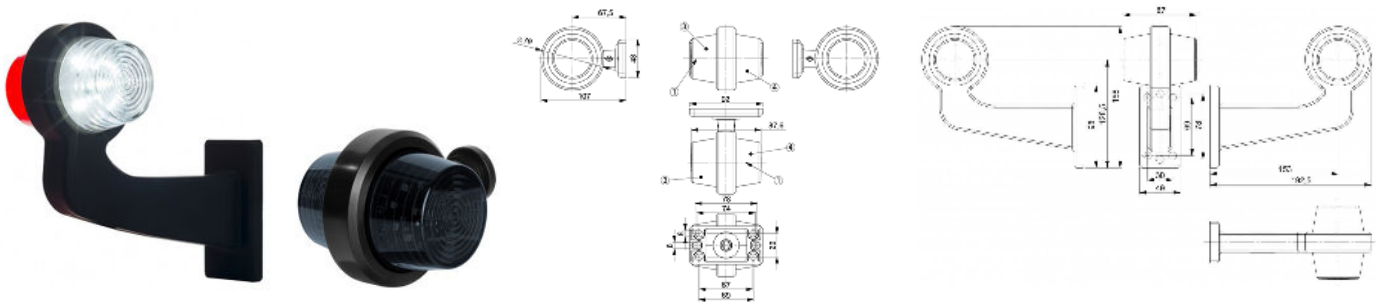

The TRALERT® MB-1000 Series meets the highest quality standards, ensuring reliable performance even under the most challenging weather conditions.

All side marker lights in this series are IP68 dust and waterproof rated, equipped Whiteh a durable rubber arm, and feature a robust polycarbonate lens. Each model is ECE-R10 certified, guaranteeing maximum EMC protection. Installation is quick and easy thanks to the 50cm cable and convenient mounting accessories.
